MEMORANDUM FOR: Deputy Director for Support

SUBJECT: Inspector General's Survey of the CT Program

25X1A

1. I have reviewed your response to the Inspector General's Survey of the CT Program, and I would appreciate further comment from you on Recommendation No. 2, which recommends that the Director of Training improve CT counseling. The plan to have CT Program officers visit the [redacted] more frequently will satisfy in part the objectives of the recommendation. I am not yet convinced, however, that we are doing as much as may be desirable in this field. I would appreciate your comments by 1 October 1967 on what other steps, if any, are being taken to improve CT counseling.

25X1A

2. On Recommendation No. 29, which recommends that you negotiate with the DDI for the assignment of an experienced DDI officer to OTR as a special assistant to the Director of Training, you did not concur, whereas the DDI did concur "provided that the Office of Training can make a suitable position available." I have some doubts that the assignment of DDI officers on rotation to the Intelligence School, where they soon become immersed in teaching, or to the CT Staff, where they take on heavy administrative duties, satisfies the objective of the recommendation. It would seem to me that a special DDI representative in OTR, who could be frequently rotated, could bring a constantly fresh DDI view to many aspects of OTR training. It would be appreciated if you would review this recommendation and discuss it with the DDI, and then let me have your further thoughts by 1 October 1967.
